Subpart C—Atlantic Tunas Other Than Bluefin Tuna

SOURCE: 60 FR 38516, July 27, 1995, unless otherwise noted.

§ 285.50 Species subject to regulation.

Regulations contained in this subpart pertain to yellowfin tuna, bigeye tuna, albacore tuna, skipjack tuna and Atlantic bonito.

§ 285.51 Authorized fishing gear.

Fishing for, catching, retention or possession of Atlantic yellowfin, bigeye, albacore, and skipjack tunas and Atlantic bonito in the regulatory area by persons on board fishing vessels subject to the jurisdiction of the United States is authorized only for handline, rod and reel (including downriggers), harpoon, purse seine, longline, drift gillnet and bandit gear unless the gear is authorized under an experimental fishing exemption issued pursuant to the requirements of § 285.7.

§ 285.52 Size limits.

(a) Fishing for, catching, retaining, or possessing of Atlantic yellowfin and bigeye tunas in the regulatory area by persons aboard fishing vessels subject to the jurisdiction of the United States is authorized only for yellowfin or bigeye tuna measuring 27 inches (69 cm) or more in total curved fork length.

(b) Total curved fork length is the sole criterion for determining the size class of whole (head on) Atlantic yellowfin and bigeye tuna. For this purpose, all measurements must be taken in a line tracing the contour of the body from the tip of the upper jaw to the fork of the tail, which abuts the ventral side of the pectoral fin and the ventral side of the caudal keel.

§ 285.53 Vessel permits.

(a) *Permit requirements.* The operator of each vessel that fishes for, or takes, Atlantic yellowfin, bigeye, albacore, and skipjack tunas and Atlantic bonito must have on board a valid permit issued under this section.

(b) *Commercial vessel permits.* As a prerequisite to selling Atlantic yellowfin, bigeye, albacore, and skipjack tunas and Atlantic bonito and to be eligible for exemption from applicable bag limits, if any, specified in this subpart, an owner or operator of a vessel that fishes for or takes Atlantic yellowfin, bigeye, albacore, and skipjack tunas and Atlantic bonito must be issued a vessel permit in the commercial category appropriate for the gear type or method of fishing.

(c) *Charter/Headboat vessel permits.* Owners or operators of charter vessels and headboats must be issued a charter/headboat vessel permit to lawfully fish for, catch, retain or land Atlantic yellowfin, bigeye, albacore, and skipjack tunas and Atlantic bonito. Anglers on board charter vessels and headboats must adhere to applicable catch limits for the recreational fisheries.

(d) *Recreational vessel permits.* Owners or operators of private recreational vessels must be issued vessel permits in order to fish for, catch, retain, or land Atlantic yellowfin, bigeye, albacore, and skipjack tunas. Anglers aboard private recreational vessels must adhere to applicable daily catch limits. Atlantic tunas taken on board private recreational vessels may not be sold.

(e) *Purse seine.* Directed purse seine fishing for Atlantic yellowfin, bigeye, albacore, and skipjack tunas and Atlantic bonito is restricted to owners of those purse seine vessels that have current Atlantic bluefin tuna purse seine

permits under § 285.21(b) and that have reported, or replaced vessels that have reported, Atlantic yellowfin, skipjack, albacore or bigeye tuna landings to NMFS over the period 1989 through 1993. The owner or operator of such purse seine vessel must apply for authorization to fish for Atlantic yellowfin, bigeye, albacore, and skipjack tunas and Atlantic bonito in writing to the Regional Director by April 15. The owner must supply documentation of the vessel's stockholders, owners, partners, or association structure and records of landings to verify that the vessel meets the qualifying criteria. The Regional Director will review these applications for authorization on or about May 1 and issue authorizations as appropriate.

(f) *Exemptions.* In lieu of a permit issued under this section, persons on board a vessel for which a valid permit for the Atlantic bluefin tuna fishery has been issued under § 285.21 of this part are eligible to fish for and take Atlantic yellowfin, bigeye, albacore, and skipjack tunas and Atlantic bonito using the authorized gear and subject to the commercial fishing restrictions applicable to the category of permit issued for the vessel. In lieu of a permit issued under this section, owners or operators of vessels for which valid permits for the Atlantic shark fishery (50 CFR part 678) or the Atlantic swordfish fishery (50 CFR part 630) have been issued are eligible to fish for and take Atlantic yellowfin, bigeye, albacore, and skipjack tunas and Atlantic bonito using the authorized gear and subject to fishing restrictions applicable to the permit issued to the vessel. Owners or operators of vessels fishing for Atlantic yellowfin, bigeye, albacore, and skipjack tunas and Atlantic bonito shoreward of the outer boundary of the EEZ around Puerto Rico and the Virgin Islands with only handgear on board are exempt from the permit requirements of this section.
